30 Day Reading Plan for a New Believer

1. Ask God to help you understand what you are reading. Pray something like "open my eyes and my heart to understand your word." God delights in showing Himself to His children as they draw near to Him in faith.
2. The most important thing is not that you make it through each of these readings each day, but that you process what you read. Move at your own pace.
3. Write down questions that you have as you read and ask one of the pastors via email

(pjoe@heartlandcc.net; andy@heartlandcc.net; or phone (217-877-9529) and we will talk about them together.

Feel free to use this guideline for yourself or anyone else who might benefit.
